A.DDESIGNER

Since 2005

Firstly, please allow me to communicate the honor and pride I take by being the head of AD DESIGNER's team, which we consider as the most important asset for success.

The know-how and experience are the basic factors for success in our business, and at AD DESIGNER we powerfully have both aspects on board. At AD DESIGNER, we aim to reach excellence in all what we do, and we care about providing unprecedented customer satisfaction; accordingly we always care about the smallest details.

We follow an ongoing strategy of implementing the most updated project-management technologies to better serve our clients and meet their maximum expectations.

The Company has been growing enormously in the last few years, having implemented huge projects in a very short period of time with creative high standards, competence, and accurate delivery, which gave **the our name significant advantages amongst competitors.**

- Established in 2005 with 16 years of experience in the market
- More than 100 professionally executed projects
- **ISO Certified with high professionalism and competency**
- **Two established offices with the headquarters based in Riyadh, Saudi Arabia**
- Experts in Interior design and Décor

Architecture | التصميم المعماري

We create masterpieces through combining technology and aesthetics, giving out a creative yet practical outcome in both design and technicality.

Interior Design | التصميم الداخلي

Our professional team offers a wide range of luxury design services including full-service interior design, renovation projects, home styling, interior architecture consultation, and integrated smart design.

Urban Design | التخطيط العمراني

Urban design can significantly influence the economic, environmental, social and cultural outcomes of a place. We're very concerned about designing localities in which people live, engage with each other and engage with the physical place around them.

Concept Design & Visualisation | التصور المعماري

We love helping our clients envision the end result using a combination of time-honored techniques including mood boards, sketches and sample boards, we transform abstract interior design briefs into polished visual representations.

Project Management | إدارة المشاريع

We have your back from the very beginning. We start by a feasibility study of your project, developing and reviewing building plans to make sure the project meets environmental and zoning standards as well as including a cost estimate based on equipment, materials and labor requirements.

Implementation | التنفيذ

At AD DESIGNER, we care for each single detail. The smallest details are what make the greatest businesses thrive. With a detail-oriented team, finishes including flooring, walls, ceilings and exteriors are made with the highest proficiency, the most perfect quality, and the ultimate ideal delivery time.

Landscape Design | تصميم اللاند سكيب

We assign talented landscape designers to create a just-for-you design, factoring your style and your property's unique characteristics.

Custom Furniture | الأثاث المخصص

A space is meant to appeal to two elements: function and harmony. We can help you create a harmonious and functional design by selecting furnishing options that allow energy and activity to flow uninhibited within a space.

Smart Material

Choosing the material with a distinctive character that adds to the place in a smart way giving beauty and saving costa during implementation

خامات ذكية
